About the Easter Academy

The EJBW is offering an academy for interested parties and actors on the topic of (de-)coloniality. The academy will be conducted in cooperation with the Bundeszentrale für politische Bildung. (www.bpb.de)

Goals:

- > **Further education and training** on the topics of colonialism, neocolonialism, postcolonialism and (de-)coloniality.
- > **Development of ideas and educational offers** for civic education
- > **Networking** of actors and interested parties in the field.

Are you just interested in the topics or already active in the field yourself? Would you like to learn more about the topic, not only from a German perspective, but especially from a non-German, non-European, global or BIPOC perspective? BIPOC stands for Black, Indigenous, and People of Colour. Would you want to know more about the interwoven histories that shape our world today?

The academy offers the opportunity to learn, share knowledge, network and develop ideas for your own educational programmes that can be delivered in schools, for example. The academy will be held bilingually in German and English.

Participants will be accommodated in double rooms. Single rooms can be booked for an extra charge of 16,70 €/night, provided they are available. If the Corona protection measures do not permit a face-to-face meeting, the academy will take place online daily from 9:30 am to 4 pm. In this case the participation fee remains unaffected.
